

FULL COVERAGE - \$9,500 ONE YEAR | \$16,500 TWO YEAR

- One Preventative Maintenance Service call to include
 - Inspect water cooling system, flush and replace water filter
 - Inspect/clean laser cavity
 - Replace flashlamp and perform full alignment
 - Inspect/clean arm and handpiece optics
 - Calibrate system for delivered fluence
 - Provide full assessment of overall condition
- Subsequent service calls if warranted. This covers all major components excluding accessories (i.e. handpieces, foot pedals, etc.) and parts not affecting functionality of laser itself

Warranty does not cover damage caused by misuse, negligence and/or repairs and/or replacement of individual components and/or maintenance carried out by unqualified personnel not duly trained and authorized by LSS.

If a device still under the Warranty Period is found to be equipped with non-original accessories or components, LSS / LO shall not be liable for any malfunction and the Warranty shall be considered void.

Accessories and consumable components subject to normal wear and tear and/or deterioration as a consequence of normal use are excluded from the Warranty.
